Sunday morning about 2 o'clock an alarm of fire started the sleeping inhabitants of the city. It proved to be a stable on the place occupied by Dr. J. B. Taulbee, and belonging to Mr. Fred Senieur. The stable was burned and Dr. Taulbee lost about a ton of hay and five barrels of corn. It is supposed the stable was set on fire by some thief whilst stealing corn.

Capt. J. R. Rogers and Warren Stoner have recovered a saddle and a set of harness at Richmond, which were stolen from them about three weeks ago, by a colored man who had formerly been in the employ of Mr. Stoner. Another saddle was stolen from them on the same night, but it was found in the weeds between Cane Ridge and North Middletown. The thief was captured by Sheriff Bales, and is in jail at Richmond.—[Bourbon News.]

Judy, this county, suffered a fire on Tuesday night, in which a storehouse and its contents and Dr. Dean's office were burned. The fire originated from a piece of natural thoughtlessness on the part of the proprietor, Mr. Sam. Estis. He had mashed a flinger and went to a can of turpentine and dipped the member in it; then shaking it to rid it of the extra fluid, he threw a small quantity of it into a lamp, which exploded and set fire to a coal oil can near by. The stock was insured for \$2,000, and the house for \$400; loss considerably more.

A nice, large front room for rent, with board.

The farmers are taking advantage of the fine weather by cutting and hauling their large tobacco crop. It is said to be the heaviest grown for several years. We hear a great deal of complaint of rust or spot, the growers saying they are compelled to cut very green on account of it.

The weekly "shoot" of the Montgomery Gun Club came off on Friday afternoon. The score for 30 clay pigeons, unknown angle, was as follows:

Joe Woodhead	14	L. C. Smith	11
G. A. Harris	13	Lucien Bridgeforth	10
John Whelan	12	Dr. Van Antwerp	13
J. M. Wells	21	G. L. Kirkpatrick	10

10 each, double birds:
 Kirkpatrick 6 Harris 8
 Whelan 10 Smith 8
 Wells 10
 The club is very desirous of having the full membership represented at the meeting next Friday, as that will probably be the last "shoot" of the season. There is some important business that demands the attention of the Club before the partridge season opens, as past experience justifies us in believing that nothing but big tales of the number of birds bagged by the doughty nimble of the Club can be had from that at any meeting until the partridge season closes.

We attended the Clark County Fair on Thursday. The display of stock was fine, and the attendance large. Between four and five thousand people witnessed the trials in the afternoon. The three-year-old stake was won by Daddy K., in slow time, the best heat in 2:31, the other two heats in :40 and :40. This colt is quite a good one, and has a record of 2:29. He is named after our townsman C. F. Keese, The 2:35 class was won by Rene Silver, by King Rene, after Gurney, by Kentucky Prince, had captured two heats. It was a very close race, and quite interesting. The Association had good weather, which is something unusual, as their three meetings previous to this have all been rainy weeks. We are glad to state that they made money. The officers of this association are clever gentlemen, and deserve success. We are under obligations to Mr. S. G. Goff for courtesies shown us.
